

Points awarded at state:

It was voted on that the members could bring in their best 9 rodeo points with a max of 270. For the All Around, it will be the same as the event points, best 9 up to 270. All points earned in each event will make up the all around.

Then it was decided to award 25 points for 1<sup>st</sup>, 2<sup>nd</sup> and short go and the average will get 30 for a possible total of 105 points.

Example:  $25+25+25+30=105$ ,  $105+270$  (possible event points carried in)  $=375$ .

For HS & JHS finals:
